Core Health Optimization

Morning Quick Start (Do This Daily)

Gary's foundational bio-stack to elevate oxygen, energy, and focus:

1 Hydrate Immediately Upon Waking

- 8–10 oz water
- ¼–½ tsp Baja Gold mineral salt
- 1 Hydrogen tablet (H_2 Tab)
- Optional: Perfect Aminos (essential aminos)

2 Breathe + Move (Fasted)

- 10 deep breaths
- 5–10 min light movement / stretch/walk
- Get direct morning sunlight
  (+ try 1 min grounding barefoot outside)
- Optional: Cold exposure
  (cold shower or ice bath)

3 Post-Workout Nutrition

- Eat a protein-rich breakfast within 30 minutes of exercise
- Take methylated multivitamin

4 Mindset Primer

- Write down one thing you're grateful for each morning
